**CHAPTER 1**

**MAKING  
A SPLASH**

IT'S JUST ANOTHER QUIET DAY IN THE TOILET BOWL...

BUT THEN...

Ooh! I'm so excited to be here! But who am I? What am I?

I bet I'm something really exciting and cool!

Ha! You? You're a POO!

A poo? Is that good?

I know my way around a toilet bowl, and you can take it from me that poo is the worst thing you can possibly be.

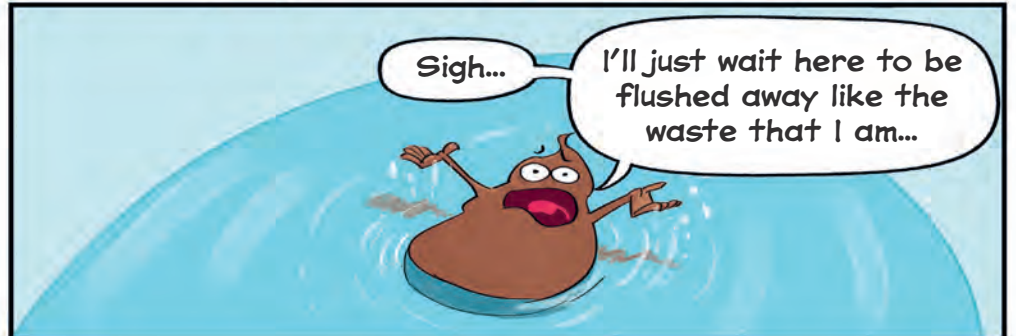

There's nothing important about poo.

Sigh...

I'll just wait here to be flushed away like the waste that I am...

**Splash!**

BUT SUDDENLY...

Hmm, my toilet-ometer indicates that this model is a 2012 standard-close toilet with a dual flush.

Very interesting!

And let's see...

lemon flavour!  
Fascinating!

Who... who are you?

I'm **PROFESSOR POO!**

(PhD, MSc, POO.)

I'm the universe's leading expert in poo science!

Poo science? But poo isn't important at all!

Not important?! Who told you that?

He did.

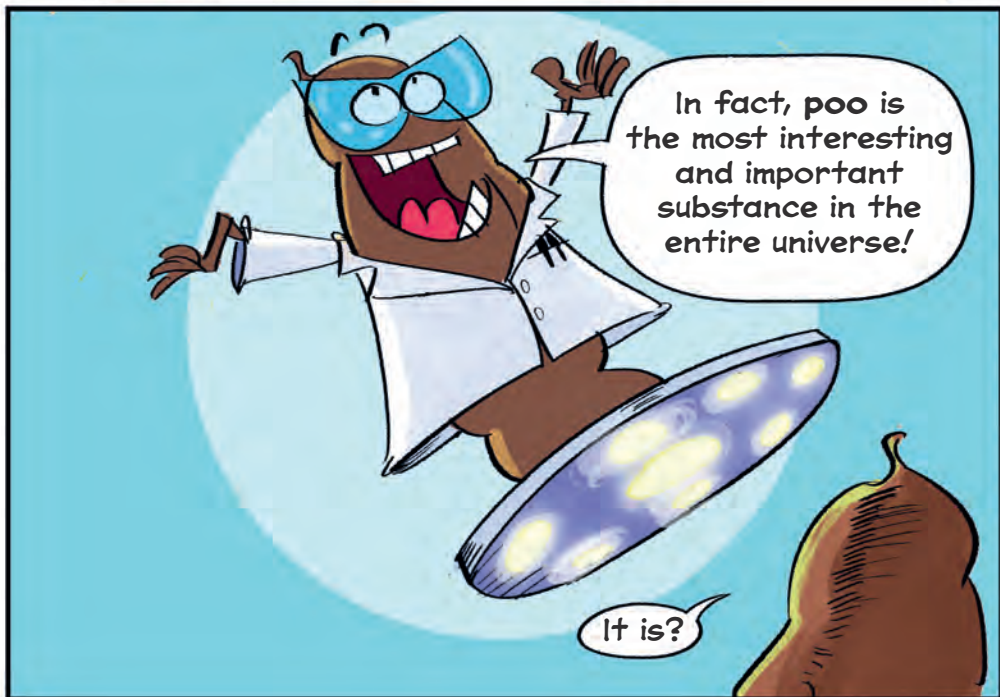

Nyeh!

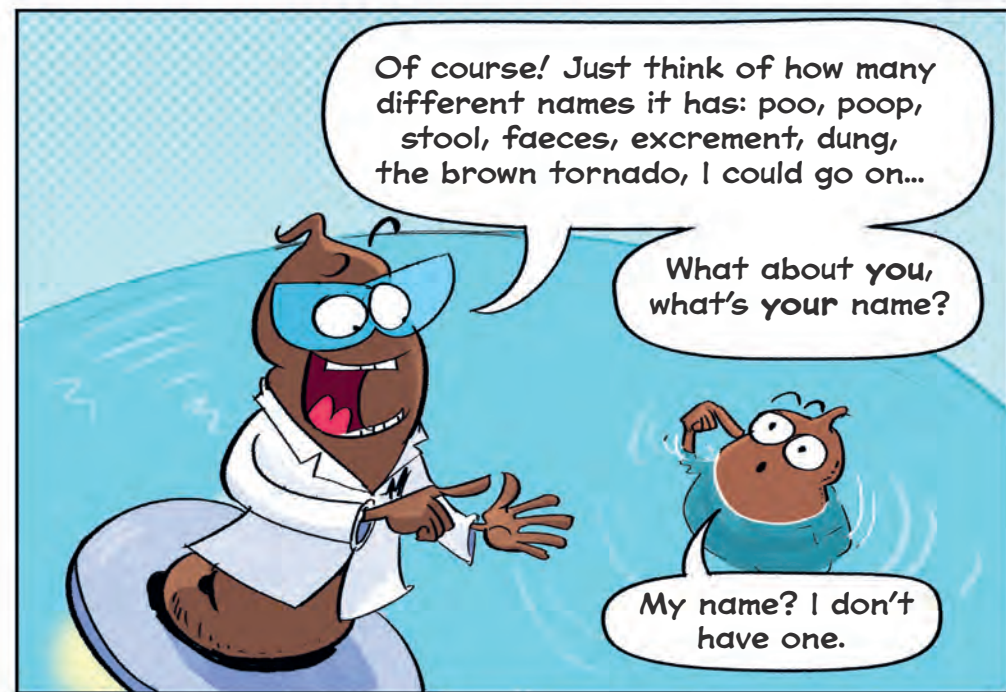

Oh, don't listen to him, he's a wet wipe - he shouldn't even be in the toilet.

Hey!

In fact, poo is the most interesting and important substance in the entire universe!

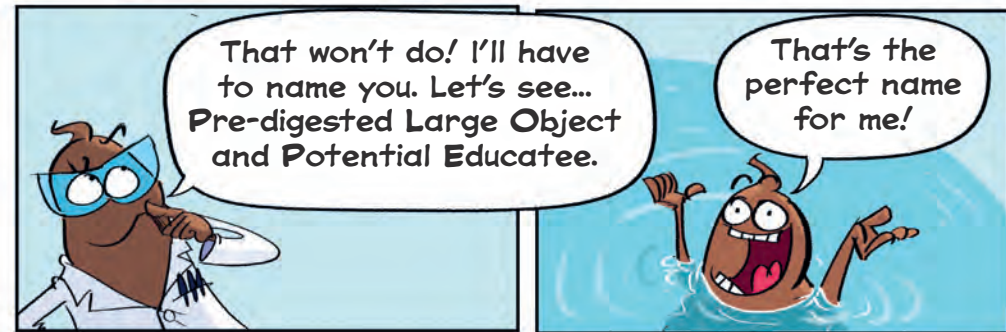

It is?

Of course! Just think of how many different names it has: poo, poop, stool, faeces, excrement, dung, the brown tornado, I could go on...

What about you, what's your name?

My name? I don't have one.

That won't do! I'll have to name you. Let's see... Pre-digested Large Object and Potential Educatee.

That's the perfect name for me!

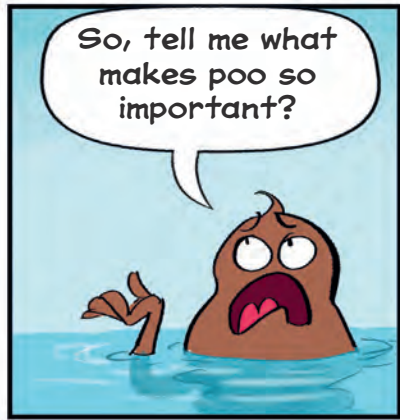

Past, er, diagonal, uh...

How about we just call you PLOP-E for short?

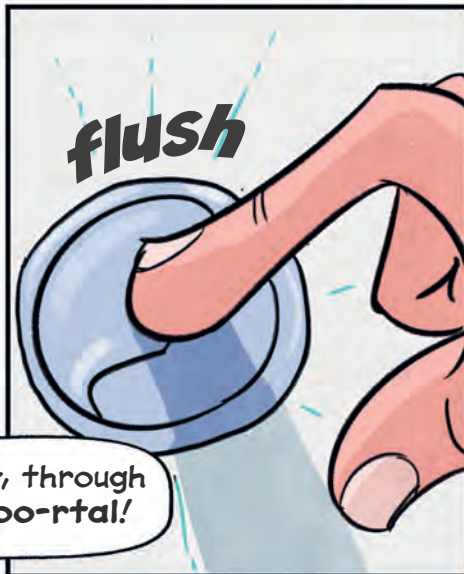

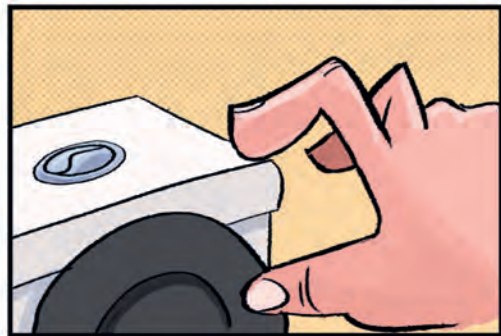

**PLOPPY!**

I can show you!

# POO-RTAL

Flaming faeces!  
Looks like it's time for us poos to proceed!
